if you not like it

change address

Each click will generate a new address

Enter your gmail Address

Enter verification code

Request 100 IAKC

IAKC addresses are anonymous.  
Only mark gmail hash to prevent abuse.

No one can find gmail address by hash.  
No one can find IAKC address by hash.

*You need know*

IAKC need 0.00000002 ARO Per-Send Fee

transaction fee is 0.00000001 ARO

destination account receive 0.00000001 ARO

So you have received 0.00000100 ARO

If in the future you don't have aro to send IAKC, you can buy 0.00000100 ARO with 10 IAKC

why we need aro

Because iakc transactions are based on the Arionum Blockchain.

So your iakc data is stored scattered all over the world.

Faucet website also is a web wallet ,can add google ads to get profit.

Because of the high frequency of use of web wallets, there will be good revenue.  
All profit income belongs to faucet website, iakc will not charge any fees

Faucet with a web wallet needs to ensure the code integrity and security of the Web wallet.  
If the web wallet code is modified for any reason,this faucet will be a Untrusted list.

Untrusted list

new users will not be able to obtain iakc from the Untrusted faucet.  
Untrusted faucets can not send login signature to node network.

*Note: This is not the final result picture  
it will be changed at any time*
